Greetings, Friends!

Mixed emotions surface as we prepare for our final production sale. We are humbled and so thankful for the many friends we have made throughout these 48 years in the Red Angus business.

National Red Angus Pioneer
 Breeder of the Year Award for 2008

We have developed bulls and females for our customers for over 47 years and we sincerely appreciate our long list of new and repeat buyers. You can continue to buy with confidence as we continue to provide **affordable and dependable genetics**. The yearling embryo progeny are out of our top proven donor females and bred to the breed's finest and most trusted herdsires. The 2-yr-old bulls have never been offered for prior sale and were specifically developed to sell in this final sale.

You have entrusted us with providing high quality cattle and we continue to do so to the very end. This past year has challenged Red Angus with the presence of the genetic defect Osteopetrosis. Thankfully there are accurate DNA tests that allow us to identify animals that are free from this defect. We have tested all potential carriers and all of the cattle selling Feb 24th are determined to be Osteopetrosis Free.

In this warm Holiday Spirit it is our pleasure to say "Thank You" and extend our sincere appreciation for your support and confidence in our program over these many years. May a bright and prosperous New Year bring you good health, peace and happiness.

Tony & Karen
